COTTON COMING IN STEADY STREAM 250 BALES HAVE BEEN RECEIVED

Cotton has been coming in at a steady rate during the past few days, and to date about 250 bales have been received. The price is around 11c, but this is not attractive enough to cause many farmers to turn loose, most of the cotton being held for higher prices. They feel that the price is lower than the limited supply justifies, and that in a short time the demands of the mills will force it to a higher level.

JUDGMENT AND SENTENCE IN EDWARDS CASE

State of Oklahoma, Seminole County—SS.
In the District Court.
State of Oklahoma vs Frank Edwards Defendant. No. 1646.

JUDGMENT AND SENTENCE
Now on this, the 5th day of September, a regular day of the August, 1911, term of the District Court of the Seventh Judicial District, held in and for Seminole county, State of Oklahoma, the defendant, Frank Edwards being present in open court in his own proper person, and having been legally informed against by the County Attorney of Pontotoc county for the crime of murder charged in the said information, and said cause having been duly and legally transferred to Seminole county, upon the application of the defendant, and the court having appointed counsel in the person of R. C. Roland, Esq., to represent the defendant Frank Edwards, and the said defendant having been duly and legally tried and convicted of said crime, and the jury consisting of twelve good and lawful men, drawn from the body of the county as by law required, and having been duly empaneled and sworn to try said cause, upon their oaths found the defendant guilty of the crime of murder, and fixed his punishment at death.

NOTICE TO CONTRACTORS

The Union Carpenters of Ada and Union Bricklayers of Ada, have signed a working agreement to work for only such parties or contractors as employ workmen who are members of the Carpenters Union or Brick and Stone Masons Union of Ada.

for a new trial being duly considered, is by the court overruled, and the defendant upon being asked by the court whether he had any legal cause to show why judgment and sentence should not be pronounced against him, and he giving no good reasons in bar thereof, and none appearing to the court:

It is therefore ordered, adjudged and decreed by the Court that the said Frank Edwards be hanged by the neck until dead in Seminole county, State of Oklahoma upon Friday the 24th day of October, A. D., 1911, and it is ordered that the sheriff of Seminole county, state of Oklahoma execute this judgment of death on the day and date aforesaid, between the hours of ten o'clock A. M. and two o'clock P. M. within the walls or yards of the county jail at Wewoka, Oklahoma, in the manner provided by law, and make due return hereof and fail not. The defendant is notified of his right of appeal to the criminal court of appeals.

TOM D. McKEOWN,
Judge of the Seventh Judicial District Court in and for Seminole County, State of Oklahoma.

Ada Firm Gets Contract.

Cooper & Bones, proprietors of the Ada brick yard, have been awarded the contract to furnish 300,000 brick for the new court house to be built at Coalgate. As there were several other bidders, this speaks well for the Ada men and the quality of their product. The Ada yard turns out excellent brick and employs home men who spend their money here. Any enterprise that brings in outside money, deserves the united support of the town.

SCRIBNER TAKEN TO MCALESTER

Deputy Sheriff R. E. Duncan returned this morning from McAlester where he went yesterday from Wewoka with Dan Scribner. Scribner is now in the penitentiary and will probably remain there until the court of appeals passes on his case. For the present, at least, the case is closed, and it is not considered likely that the higher court will reverse the case this time, his sentence being to the penitentiary and not that of death.

EDWARDS BROUGHT BACK TO ADA

Sheriff Mitchell returned yesterday afternoon with Frank Edwards, who will remain in the Ada jail as he requested, until a final disposition is made of his case. As stated yesterday, no steps have been taken to appeal his case, and it is doubtful if any move with that in view is taken. Edwards has had little or nothing to say. His wife and child returned with him from Wewoka.

Frank Jones was a passenger to Holdenville this morning.

JOSEPH W. BAILEY WILL NOT SEEK RE-ELECTION TO THE U. S. SENATE

Gainesville, Tex., Sept. 5.—Senator Bailey arrived home at 9:35 this morning via the Katy. Although he was not expected until the evening train a large number of his neighbors were soon at the Turner hotel to welcome him home and today he has been busy shaking hands with his neighbors, who congratulated him and indorsed his work in the senate just closed. A representative of the press called on Mr. Bailey in his room at the hotel this afternoon and in reply to the inquiry if he had any statement to make to the press he said:

"You can say for me that I will not be a candidate for re-election to the senate next year, and you can also say that this decision is irrevocable. I know that the state cannot find a successor who will be more faithful to the honor and the welfare of her people than I have been, but I sincerely hope that she will find one who can represent her in the senate with greater ability than I have done."

Senator Bailey declined to make any other statement or assign any reason for his action, though he said he would make an announcement in a few days, regarding requests for speaking at various points. He will probably go to Ardmore to speak Thursday by previous engagement, and will speak at the Producers and Consumers' convention in Fort Worth which is to be held Sept. 12 and 13.

A Woman Railroad.

Spokane, Wash., Sept. 6.—Georgia M. Martin, a native daughter of Minnesota, who began her railroad career at Missoula, Mont., four and a half years ago, claims the distinction of being the only woman on the continent occupying the position of chief clerk in the office of a master mechanic of a transcontinental system. Miss Martin, who is hardly out of her teens, is connected in the foregoing capacity in the office of Thomas J. Cutler, master mechanic of the Northern Pacific Railway company in Spokane. She has full charge when Cutler is on the road. Officials of the Spokane office are proud of her work saying it equals that of the most efficient clerk on the road. Miss Martin understands the mechanism of the several locomotives, "and," as one of the machinists at the round house put it, "she could give directions to put a big mogul together in a pinch." She'll be boss of the job one of these fine days.

ESTIMATE OF COTTON CROP 800,000 BALES

The latest estimate of the state board of agriculture in regard to the conditions of the cotton crop, based on the reports from demonstration farm inspectors, who cover all parts of the state, is that there will be from 58 to 60 percent of a crop. The board's report of the condition on August 25 was 63.7 percent. There has apparently been a slight deterioration in the crop since that date, but it is believed that the condition will remain about stationary from now on. Reports from some of the best cotton counties on the east side of the state, which have been credited with a condition of 85 percent or 90 percent, show that the yield will not be more than 75 percent of a full crop. "We have never placed our estimates on the size of the cotton crop as high as the cotton men," said G. T. Bryan, president of the board. "Our highest estimate was 1,000,000 bales, and since the recent damage we have dropped to 800,000 bales. It has been the aim of the speculators all along to give the grower the idea that there would be a tremendous crop this year, so as to get him to sell his crop early. Then, after he had sold at a low price, the fact of a shortage would develop. "The cotton growers will be in very good shape this year, although

the crop will not be as large as they expected. The men who usually depend on corn will make up for it with forage crops, which will carry them through very nicely, and the only ones who are really hard hit are the ones who were depending on wheat and oats, which were practically a failure in Oklahoma this year."

JUDGES CHARGED WITH CONTEMPT OF COURT

The supreme court in session Tuesday morning heard argument in the contempt case from Murray county, involving the court house matter of Sulphur. H. M. Carr and J. B. Thompson of Pauls Valley represented the complainants. The contempt proceedings were directed against Judge Stillwell Russell, Judge McMillan, District Clerk J. C. Potts, and the sheriff. Potts died recently and his brother represented his place in the proceedings. Ledbetter, Stuart and Bell and A. C. Cruce represented the defendants.

The court required that the case be submitted on briefs and a decision will be rendered some time later.

GOOD SPECIMENS OF SILVER AND LEAD ORE FOUND

John Quincy Adams has left at the News office some specimens of lead ore found on the farm of one of his daughters. These specimens appear to be almost pure lead. This ore has been found in a number of places in Pontotoc county, and it is in the bound of probability that a thorough test of the fields would show a sufficient quantity to justify mining operations.

Mr. Adams also left a specimen which an old miner pronounces dead run silver ore. This is said to be the richest form of silver ore, and from samples picked up on the place, the miner estimates that it contains about \$128 to the ton. He does not attempt to say how much of a mine can be expected until a test is made. He says there may be a rich mine, while again it may prove to be nothing but a small pocket.

INTEREST GROWS AT BAPTIST REVIVAL

Large congregations continue to attend the revival at the First Baptist church. Good interest is manifested at every service and the prospect for a glorious revival could not be brighter. Every feature of the services, both the character of the sermons and the music could not be improved upon.

Miss Carmar Dallas, one of the brightest of the normal graduates, arrived this morning from Konawa. She was accompanied by her brother, O. L. Dallas, who will enter the normal. Miss Dallas will teach at Konawa again this term.

MANY VETERANS GATHER AT ARDMORE

J. W. DAVIS OF ADA CANDIDATE FOR COMMANDER OF SONS OF VETERANS.

Ardmore, Okla., Sept. 5.—The fourth annual reunion of Confederate veterans of Oklahoma will be held in this city beginning Tuesday morning. Tuesday night the campfires are burning and hundreds of veterans are here.

Major General Hailey and Adjutant General Coleman have been here since Sunday and have established headquarters at the Randolph hotel. Lieutenant Governor J. J. McAlester is here and during the absence of the governor from the state the executive office has been temporarily moved from Oklahoma City to Ardmore.

Every train arriving in the city brings its quota of veterans. Many of them are in gray uniforms decorated with a southern cross. The business session will be held in the Dobinson opera house. Every arrangement has been made for the care of the veterans. Sleeping quarters are ready and meals were served Tuesday night free to the veterans.

Tate Brady, division commander of the sons, wired here Tuesday that illness will prevent his coming to take part in the convention. He is a candidate for re-election and his friends on the ground who are working in his behalf. He will be opposed by John W. Davis of Ada. Mr. Davis arrived Tuesday and has established headquarters and is making an active campaign.

READY FOR FREE DELIVERY.

This morning Ben Timberlake completed the work of securing signatures to the petition for free mail delivery for Ada. It has been turned in and it may reasonably be expected that the town will soon be enjoying this convenience. The people have long wished to see the time when the letter carrier would pay them his daily visits, and will welcome his advent most enthusiastically. Furthermore, it will provide good jobs for two or three good men who do not mind walking a little every day.

W. R. Reynolds was down from Stratford today and moved his subscription up a notch.

LEGISLATIVE CAUCUS MAY BE CALLED

Muskogee, Ok., Sept. 5.—Following a conference here between William A. Durant, speaker of the Oklahoma house, and W. B. Anthony, chairman of the democratic caucus of the house it was announced today that if Gov. Cruce calls a special session, which now seems likely Mr. Anthony will call a caucus of the eighty-three members of the house to be held in Muskogee about Oct. 10.

At that time the policy of the house will be decided upon. Besides Messrs. Durant and Anthony, a large number of the members of the house from the east side of the state took part in the informal meeting. All will join in a petition asking that the caucus be called.

The reapportionment of the state into congressional districts and the matter of taxing mortgages of non-residents will probably be included in the governor's call.

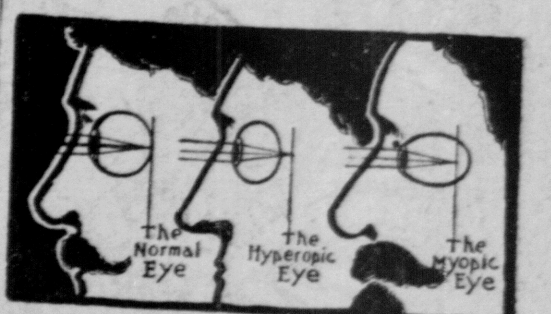

It is understood that Senator Roddie of Ada will call a caucus of the senate in Oklahoma City about the same time.

The people in this part of the state are not worrying about a special session, but there is great unrest among politicians, and especially those who want to run for congress under a reapportionment of the state.

We were glad to see Mr. Shortie Scott riding around over near Oakman last Sunday. Be careful Shortie when the roads are slick. Old Dave is getting too fat.

Mr. John Sloan of Francis visited in Oakman Sunday.

Sapulpa is now the only town in
the state with a free paper. Business

how useless a free paper is in the
work of town building. In other words
they have realized that such a pub-
lication is a sort of vampire that
sucks the blood of a community and
gives nothing in return.

The city council of Chicago has
passed an ordinance forbidding the
erection of buildings over 200 feet
high. This will have the effect of in-
creasing the value of real estate in
the suburbs, for the city must spread

RUSSELL WOULD RECALL

BOARD OF AGRICULTURE
Warner, Okla., Sept. 6.—Campbell
Russell, until recently connected with
the state board of agriculture, and
who led the fight for the defeat of
certain members of the state board in
the election at Stillwater, in which
he was unsuccessful, has issued a no-
tice for a meeting of the People's
Power League at Oklahoma City,
Sept. 11, when a petition will be
launched for a constitutional provision
recalling the board of agricul-
ture.

Russell made a hard fight on the
re-election of O. A. Brewer and J. C.
Elliott, members of the board, alleg-
ing that politics controlled the board
and their election. He was hooted
down at the meeting and prevented
from making a speech.

As the head of the State Farmers'
Union he defeated an alleged at-

ANTI-SALOON LEAGUE IS GETTING BUSY

Oklahoma City, Sept. 6.—That the
Anti-saloon league will watch the pe-
tition for a vote on the liquor ques-
tion which the Oklahoma Local Op-
tion league will circulate, and that
the names of bona fide voters only
must appear on the petition was the
statement Tuesday of H. L. Sheldon,
state superintendent of the league.

"The petition must be a legitimate
one," said Mr. Sheldon, "and we will
make an effort to get the names of
all signers. These names will be pub-
lished, if possible, in the local papers
where the signatures were obtained,
and illegitimate tactics thus can be
detected."

He also stated that the Anti-sa-
loon league is ready for the fight
against local option, and that the
force employed at present will be in-
creased as the occasion demands. It
is the intention to open a branch of-
fice at Muskogee or some other point
in the eastern part of the state if it
becomes necessary.

"I believe that the state will go
dry by a larger majority than ever,"
said Mr. Sheldon Tuesday. "The pro-
hibitory laws are being enforced more
strictly than they have been and it
has been demonstrated that prohibi-
tion can be enforced."

JUDGE BARTON TO YOUNG OFFENDERS

A few days ago fourteen boys of
different ages were rounded up for
petty offenses. Most of them were
over juvenile age and did not come
under his jurisdiction but he took oc-
casion to give them all a timely
warning. Following is about what oc-
curred when the boys were before
him and then warning given:

"You boys are reported to me as
loafers and frequenters of public
pool halls and you escape juvenile
punishment for the reason that you
are over the age of sixteen years,
but you do not escape punishment, if
you are guilty, for being vags. Not
very long ago there was a trial in
this county wherein the jury gave the
defendant thirty days in jail and a
fifty dollar fine. Furthermore some of
you are reported to me as being petit
gamblers, making small bets on pool
and other games.

"How many of you boys have de-
cided upon a career as rounders,
bums and tin horns?" No answer.
"How many of you want to be some-
body, want to grow up into respect-
able citizens?" About five hands up.

"Do you believe you could get a po-
sition in any business with the rep-
utation of being loafers and round-
ers at these resorts?" No, sir.

"You don't think any bank, railroad
or business man is going into a pub-
lic resort and pick up an habitual
rounder and frequenter of question-
able places and give them a position
do you?"

No, sir.

"Boys, you escape the juvenile age
but you don't escape the punishment
you get in the grown folks court. I
haven't decided what to do with you.
I can have every one of you turned
over to Judge Brown. I have evidence
against most of you that would stick
you for being vags. I haven't now a
regular juvenile officer, but I am
going to have one at once. As juve-
nile officer, he could not arrest you,
but I am going to take the precau-
tion to see that he is appointed a
deputy sheriff and as deputy sheriff
he can arrest you if you are eighty.

And, just as soon as Mr. Homer Wil-
liams goes to work I am going to
tell him to keep a look out on you
and if some of you don't watch you
will go in jail at an early day. It
would probably open your eyes and
probably the eyes of some of your
parents to have you sleep one night
in jail. I expect some of your par-
ents would be somewhat surprised to
know what kind of a rep you have
made in the city. Right now is the
time you ought to be laying the
foundation of a character; ought to
be trying to be somebody instead of
making the reputation of a rounder
and frequenter of public places. How
many of this bunch have steady jobs?

Four. What do you do? A. Collecting
this month. Q. What do you do?
A. Nothing. Q. How old are you?
A. Sixteen. Q. Just loaf all the
time? No answer. Q. Your mother is
a widow isn't she? A. You know she
is, yes sir. I don't want any smart-
ness out of you. I had you once in
the juvenile court and didn't do you
any good. Q. You are commencing
as a tin-horn gambler early in life.

They tell me you are getting so you
can slick the other suckers and get
the best of them, I would advise you,
young man, to cut it out. H—, my
son, you are a juvenile. You will get
your punishment in the juvenile court.

I have one encouraging thing to say
for you. You have been plenty bad
but you have been man enough to ac-
knowledge it, and one thing about it
you told the truth. Go into the coun-
ty attorney's office and tell Mr. Dean
to give you that paper to sign.

The state's claim and authority and
control over you young gentlemen is
superior to that of your parents and

If your parents don't look after you
the state will. I know that then par-
ents of some of you want you to be
somebody and want you to build up a
character of which they and you could
be proud.

"I will say one thing, the only ex-
cuse for you boys escaping the pun-
ishment that you need and deserve is
that this city of Ada, though a city
of churches and educational institu-
tions and proud of them as she is,
don't furnish innocent and harmless
recreation for the boys of the town.

I realize that time hangs heavily on
your hands of evenings; I realize you
want and need some innocent and
harmless amusements. I don't see
why they don't have a Y. M. C. A. or
something of the kind here, so that
you boys could put in your evenings
and your spare time. I don't object
to you having amusements, it is this
habitual loafing and starting out to
be petit gamblers. It is putting you
on the downward road and I do ob-
ject to that, and I am going to do all
in my power to stop it. I know you
haven't any place of amusement and
any place to go and I am going to let
you go this time, but I warn you that
the next time I hear of you loafing
around and frequenting questionable
places and gambling I am going to
send and get you and I expect you
will sleep out there that night and
stand your trial next day. Of course
if you were juveniles I could handle
you in a different way. The juvenile
age is sixteen. If any of you don't
want to be anybody, don't intend to
be good citizens I advise you to get
out of Ada for I will certainly make
it interesting for you if you have
chosen that route. I want you all to

OAKMAN ITEMS.

Here we are again. We are having a very good rain here.

The gin has been repaired and they have been ginning this last week. Prof. and Mrs. Evans our teachers for the ensuing term of school have moved over, and we are glad once more to hear the school bell. We are counting on the best term of school we have ever had in Oakman. Patrons let us all co-operate with Prof. and Mrs. Evans and help them in their school work.

We wonder what is wrong with the people; seems like all our society is getting dull.

Quite a crowd of young people from Oakman were entertained at the beautiful home of L. C. Oliver Saturday night. All enjoyed a pleasant evening after which refreshments consisting of ice cream and cake, were served. All report a splendid time.

Mrs. W. J. Ricketts has been quite ill but is some better at this writing. Mr. and Mrs. Duff Hunt of Stratford moved to Oakman Saturday.

Mr. and Mrs. Partain of Western Oklahoma are visiting relatives and friends in Oakman.

Mrs. R. T. Wilborn, Misses Elva Roberts, Lena and Sada Duvall returned to Oakman after an extended visit in Kentucky.

Misses Duvall and Roberta left Sunday afternoon where they will take up duties in the Mill Creek school.

Misses Jauneta and Hattie Dennis, Hulda Sellers spent Sunday at the Ricketts home.

Mr. and Mrs. Stephens spent Sunday with their son, J. C. Stephens of Cedar Grove.

Messrs. Eugene Miller and Henry Lee, Misses Edna Sloan and Zora Berryman spent a pleasant day Sunday at the home of Wm. Carter.

BUSY SESSION OF CITY COUNCIL

The city council held two long sessions yesterday afternoon and evening. The afternoon session was devoted to clearing up a number of claims in the Byrd's Mill waterworks extension, and the evening session to general business.

Shelby Downard Co. was ordered to complete the paving on West Main street, which was suspended during the time the Frisco railroad was building its bridge.

The Frisco and O. C. were directed

to open West 14th street across their right of way, and the Katy ordered to open East 10th.

N. P. Devers was elected night policeman in place of L. O. Harris, resigned.

It was agreed that the Frisco be furnished water at the rate of 10c per 1,000 gallons.

Quite a number of other matters of a routine nature were disposed of.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetez, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it.

It may be just the medicine you need.

BIG BRIBE OFFERED ENFORCEMENT OFFICER

Granite, Okla., Sept. 4.—In an address at the Methodist church in this city Sunday advocating a strict adherence to all laws of the state, especially the one dealing with statewide prohibition, W. J. Caudill, special law enforcement officer for Oklahoma, made the startling assertion that though he had only held his present position twelve days, on three occasions efforts had been made to bribe him into winking at certain state laws.

He emphasized the fact that three days after he was sworn in as an enforcement officer, an Oklahoma City attorney took him to his private of-

fice and told him (Caudill) he could get \$1,000 per month if he would allow one certain St. Louis brewery to unload its goods in the state.

Offer "Spurned." This attempt at bribery, as all subsequent offers, he "spurned with utter contempt" adding to his audience that whatever else he might do or be guilty of, they were looking into a face of one who had never had a price nor could he ever be bought.

Mr. Caudill also said that southwest Oklahoma, so far as strict law enforcement was concerned, was a paradise as compared with some other parts of the state, and that Governor Cruce was determined to break up all dives, joints and "speak-easies" and rid the state of their keepers if it took 100,000 men to do it.

Attacks Constitution. Mr. Caudill, who was a member of the constitutional convention from this part of the state, being one of the seventy-six prohibition members out of a total of 111, said that were it to be written over today, he would hesitate again to advocate or vote for the initiative and referendum in the state constitution. He said its purpose is miscarrying and is being abused by the liquor interests of St. Louis and Kansas City and "misused" by the liars and lawbreakers of the state in calling special elections one after the other, while the tax-payers and home-builders supinely rest contented to merely pay the bills. Each election costing the people not less than \$38,000.

Concluding Mr. Caudill discussed the recent election in Texas, stating there was now not the least shadow of a doubt but that prohibition carried in the Lone Star state by not less than 25,000 and was counted out by the anti-prohibitionists in defiance of the people's will.

is woman's safest reliance; it is a medicine for external use, composed of oils and other ingredients which assist nature in all necessary physical changes of the system. Its regular use before the coming of baby prepares the muscles and tendons for the unusual strain, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. Mother's Friend lessens the pain and danger at the crisis, and leaves the mother in such healthful condition that her recovery is always rapid and natural. Mother's Friend is sold at drug stores. MOTHER'S FRIEND

The greatest crisis in a woman's life is when first she becomes a mother. All the physical strength of her nature is demanded at such times, and it is necessary that her system be thoroughly prepared for the event, in order that her health be preserved for future years. Mother's Friend

School Days Bring Many Problems

You owe it to your children to see that they are well dressed and comfortable. How can it be done on the least money? Stockings have been the greatest trouble. You know the kind that look well until the first recess. If your boy is the right kind of boy, he plays so fast he forgets all about his stockings. To grow he must play that way. Give him the kind of stockings that take care of themselves—

Wunderhose

Leap-frog, hop-scotch, foot ball, and many other games need have no terrors for the mother who has bought her son Wunderhose. Let him scuffle, slide, jump all over the play ground—no strain, no holes, no ravel. These wonderful stockings are made from Wunderhose, dyed with Wunderdye. Wunderhose are spun from the largest and toughest cotton fibre known. They are twisted and combed until they have the strength of rope, with the "feel" of silk. Only double threads of Wunderhose—no single ones whatever—are used in Wunderhose. The heels, toes and knees are reinforced, and remember the strength of re-inforcing yarns does not depend on the thickness. That is one of the reasons why the heels and toes of Wunderhose are so soft and pliable and yet so strong. In Wunderhose families the mother helps her children with their books when other mothers are slaving with the darning needles.

STATE UNION ADVISES FARMERS TO HOLD COTTON

Shawnee, Okla., Sept. 5.—Cotton is the paramount question before the National Farmers' Union convention, which opens here this morning for a three days' session. A deluge of telegrams have been coming in all day to Secretary A. C. Davis representing nearly every local Farmers' Union in existence. Among the 500 telegrams there was not a local that did not pledge its membership to hold cotton for higher prices, 13c to 15c being the prices favored.

There were 500 delegates in attendance when the convention opened this morning. The farmers were enthusiastic, and they demonstrated their enthusiasm by sheering every speaker who appeared before them. This morning's session was the only open session, and at 2 o'clock the farmers went into executive session, and all business will be conducted privately.

Ex-President Garrison presided at the morning session and introduced Frank P. Sterns, ex-Mayor, who cordially welcomed the delegates to the city. Campbell Russell, ex-president of the Oklahoma state union, in a characteristic address then welcomed the National union in behalf of the state union, and T. J. Brooks of Atwood, Tenn., in one of the most forceful speeches that has ever been delivered in Shawnee, addressed the convention. Thomas Pryor Gore, the blind Oklahoma senator, was then introduced and was followed by Editor Wilson of the Mississippi Farmers' Advocate.

The two most impressive speeches delivered to the delegates were those of Senator Gore and T. J. Brooks. Mr. Brooks said in part: "This was a farmers' government, as it started out. The farmer was the foremost citizen in prestige and wealth. It is not so today. You as a class own only one-fifth of the wealth and only a part of you own that. Half of you are homeless and a third of you are branded-mortgaged."

"You produced last year on 6,000,000 farms \$9,000,000,000 worth of products. "You have produced \$80,000,000,000 worth in twelve years, and yet twelve years ago you owned one-fourth of the wealth and now you own one-fifth."

"The Farmers' union has planted the standard of revolt in the interest of the tillers of the soil, and it also is making history. It has fought the credit and mortgage system for eleven years and the record has gone from 70 to 35 per cent during that time."

Senator Gore's address was based on the farmers. He stated that a farmer should conduct his farm in the same manner that a department store is operated and to adopt the trust plan, viz.: Co-operation. He was greeted with round after round of applause. He concluded with a remark that caused both consternation and laughter. He said it is an established fact that too many farmers overstep their bonds and when the end of the year comes they generally have two assets, viz.: They are alive and broke.

Following the speaking, President Barrett then introduced the various speakers and read the pedigree of each in a very jovial manner. The proceedings this afternoon were of the general routine class, the reading of reports and minutes of past conventions. Tomorrow is expected to bring forth some radical measures in the cotton question. The farmers are in session tonight.

U. D. C. MEET AT ARDMORE

Ardmore, Okla., Sept. 5.—The United Daughters of the Confederacy met here Tuesday in annual convention. Nearly every county in the state was represented by delegates. A contesting delegation came from Shawnee which precipitated in a fight on the convention floor Tuesday afternoon.

Mrs. Eakin headed the losing delegation. When the credentials committee reported against her, she appealed to the convention and lost again.

The convention is presided over by the state president, Mrs. W. R. Clement of Oklahoma City. Memorial services for two deceased officers were held Tuesday afternoon, the deceased are Mrs. G. W. Holmes of Durant, and Mrs. Virginia Cowan Woods of Purcell.

This report of the president showed the membership to have gained 185 during the year and Muskogee made the greatest membership gain

and raised more money than any other chapter. A reception was held by the Daughters Tuesday night at the Elks' Club rooms and the business session will be continued Wednesday. Those mentioned in connection with the election of state president are Mrs. W. O. Deason of Shawnee, Mrs. Louis Paulin of Durant and the incumbent Mrs. W. R. Clement.

DON'T JULL OUT

THE GRAY HAIRS

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the

best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

A FACT EVERYBODY SHOULD KNOW

Will Prove Statements Concerning Merit of Digestit, the Remarkable Remedy for Indigestion. Cures Almost Instantly.

The fact is that Digestit—the new relief for stomach disorders, is a certain relief for indigestion. It is the most effective remedy that can be found for stomach troubles. It digests food when the stomach can not stop the formation of the poisonous gases and relieves that stuffy

feeling almost instantly. It tones up the digestive organs to that condition where the natural work of digestion goes on and gives strength to the famished body by helping the assimilation of food.

This wonderful remedy will demonstrate its merits to any one who will take a few doses according to

directions—two or three tablets after meals or when suffering. Try it and if you are not relieved instantly, your druggist is authorized to refund your money. Is not that a fair offer? Or if you doubt, secure a full size package without cost, by writing to the Digestit Co., Jackson, Miss., for an order to your druggist.
